

Casino Redemption System

CPS

- Purchase game tickets or reload your Cashless card with your credit card or coins with this complete payment system.
- In self-service, the CPS allows you to place this cash system wherever you want to.
- Possibility of payment by credit card or with the option of depositing a handful of coins.

Casino Purchase System

CPS is a discreet, efficient and inexpensive solution for casinos. This self-service machine allows your customers to purchase tickets (TITO) or top their Cashless account up.

Undeniable advantages

Reliability

Coins not recognised by the system are rejected.

Optimisation

Time saving for coin deposits thanks to bulk management of all denominations.

Simplicity

Most casino data systems are compatible with this cash system.

Autonomy

In self-service, it automates the reloading of Cashless cards and the payment of tickets.

Characteristics
