

# Cash Converter

EMC

- ⌋ In self-service, this cash system breaks notes into coins.
- ⌋ An infrared connection allows settings and information retrieval, avoiding any risk of theft.
- ⌋ The distribution of coins is carried out by a module that combines execution speed and reliability.

# Easy Money Changer

The EMC allows you to exchange banknotes for coins. This self-service kiosk is suitable for use in casinos, public transport or in medium and large retail outlets.

## Undeniable advantages

### Optimisation

Coins distribution is set up upstream. It optimises the time spent in front of the machine.

### Simplicity

Loading the cash system is done simply by inserting new notes into the cassette.

### Adaptation

You can get 2 to 3 denominations of coins with the EMC.

### Sécurité

Reinforced sheet metal in order to achieve a high level of security and the risk of theft.

### Intuitive

The LCD screen guides the customer through the exchange process with messages indicating the different manipulations to be carried out.
