

# Deposit System

FDB—LSB

- Convenient and secure cash deposit machine.
- Through core banking connection, your customers will be able to credit their bank accounts with cash.
- With a customizable Human-Machine Interface, the FDB allows your customers to easily navigate on the cash system.

# Fast Deposit Banknote—Libre Service Bancaire

Secure and simplify your notes deposit with the FDB. Installed on a wall, this cash system has been developed with high value deposit in mind. With banks as a primary target, it is adaptable and easy to use.

## Undeniable advantages

### Security

Conceived to simplify CIT pick ups, notes are deposited in a thermo sealed bag that can only be reached once sealed.

### Intelligent

Notes not recognised by the system are rejected.

### Optimisation

An adapted and customizable touchscreen guides the user through the process.

### Capacity

With a high storage capacity, the FDB is adaptable and can store approximately 8,000 banknotes.

### Reliability

Through a connection to core banking, cash deposit can be instantly credited to a previously defined account.
